OFFICE MEMORANDUM

Date: 14 December 1951

To: AD/RR

From: [REDACTED] 25X1A9a

Subject: Request for Documents
25X1A6a

1. [REDACTED] is currently urging all case officers and editors to familiarize themselves with the political, military, and economic backgrounds of the countries on which they are concentrating. This program is somewhat hampered, however, by lack of appropriate source materials.

25X1A9a 2. We feel that certain ORR reports and IR runs will provide good briefing material in the economic intelligence field. [REDACTED] Chief of [REDACTED] 25X1A6a
25X1A6a [REDACTED] has also requested us to procure for his analysts some basic economic reports on Satellite countries, since his office frequently writes reports with no knowledge of what may have been written on the subject in Washington.

3. It is therefore requested that two sets each of the following documents, where available, be forwarded to us at [REDACTED] 25X1A6a

- a. All of NIE-33 (Soviet-Satellite Power Complex) country studies.
- b. Czech Situation Report, Economic Section (Working Paper)
- SR-42 c. Polish Situation Report, Economic Section (Working Paper)
- SR-12 d. Rumanian Situation Report--published as an ORE.
- none published* e. Bulgarian Situation Report--published as an ORE.
- f. Industrial Register IBM runs on industrial installations (arranged alphabetically by location) in the twelve economic regions of the USSR and Bulgaria, Czechoslovakia, Hungary, Poland, Rumania, and Sovzone Germany.
